1b. Why choose an OCR GCSE (9–1) in English Language?

OCR's GCSE (9–1) in English Language specification is designed to help learners explore communication, culture and creativity, to develop independent and critical thinking and to engage with the richness of our language and literary heritage.

At GCSE, learners will develop the skills to read fluently and write effectively. They are encouraged to engage with a wide variety of high-quality texts both literary and non-fiction, across a range of familiar genres. They will develop the skills to analyse critically and synthesise and evaluate ideas and information across unseen texts.

Learners will be given the opportunity to experiment in their writing across a range of contexts and styles.

Learners will use knowledge gained from wider reading to inform their written work. They will be able to write grammatically correct sentences, with accurate spelling and punctuation and utilise a range of structural devices.

Learners will also develop a confident control of spoken Standard English and demonstrate the ability to use spoken language appropriately in formal settings.

This provides them with a solid grounding, whether going on to Further Education, Higher Education or the workplace.

Aims and learning outcomes

This specification enables learners to:

- read a wide range of texts fluently and with good understanding
- read critically, and use the knowledge they have gained from wide reading to inform and improve their own writing
- write effectively and coherently using Standard English appropriately
- use grammar correctly, punctuate and spell accurately

- acquire and apply a wide vocabulary, alongside a knowledge and understanding of grammatical terminology and linguistic conventions for reading, writing and spoken language.

In addition, this specification enables learners to:

- listen to and understand spoken language and use their own spoken Standard English effectively.

1c. What are the key features of this specification?

This specification encourages learners to read critically and use the knowledge they gain from wide reading to improve their own writing.

The clear distinction between the two components develops learners' awareness of how different types of texts are crafted. Component 01 develops understanding of reading and writing non-fiction texts and component 02 explores literary texts and creative writing. This is designed to support learners' development as critical readers and help them make conscious choices when planning and crafting their own writing.

This qualification will enable learners to develop:

- knowledge and understanding of a wide range of engaging texts drawn from literary and non-fiction sources; these may include, for example, prose fiction, journalism, travel writing and biographical writing
- critical responses to high-quality unseen texts from the 19th, 20th and 21st centuries. This provides learners with an enriched curriculum that can be effectively integrated with the OCR GCSE (9–1) in English Literature course
- creative and imaginative writing skills and the ability to write accurately for a range of purposes and audiences, using their understanding of linguistic and literary methods
- confident spoken language and listening skills to communicate clearly and effectively.

3 Assessment of OCR GCSE (9–1) in English Language

3a. Forms of assessment

The OCR GCSE (9–1) in English Language (J351) is a linear qualification with 100% external assessment.

This qualification consists of two examined components, externally assessed by OCR. Both examinations are of two hours duration, each with a 50% weighting. The Spoken language component is a separate compulsory endorsement which is internally

assessed by the centre and externally monitored by OCR.

All texts in the examination will be unseen, that is, learners will not have studied the examination texts during the course. These unseen texts will be drawn from each of the following three centuries; the 19th century; the 20th and the 21st century.

Communicating information and ideas (01)

This component is worth 80 marks: 40 marks for Section A and 40 marks for Section B.

Learners answer **all** the questions in Section A. Learners read and respond to two unseen authentic non-fiction texts. One text is from the 19th century; the other is from either the 20th or 21st century. There are four reading questions – two lower tariff and two higher tariff questions. (40 marks, 25% of total GCSE (9–1)).

Learners answer **one** of two extended writing tasks in Section B. The writing tasks will have a clear audience and purpose and be written in a non-fiction form. There will be links between the theme or idea in the reading texts and the writing task. (40 marks, 25% of total GCSE (9–1)).

Exploring effects and impact (02)

This component is worth 80 marks: 40 marks for Section A and 40 marks for Section B.

Learners answer **all** the questions in Section A. Learners read and respond to two unseen authentic prose fiction texts or a prose fiction and literary non-fiction text. Both texts will be either 20th or 21st century prose. There are four reading questions – two

lower tariff and two higher tariff questions. (40 marks, 25% of total GCSE (9–1)).

Learners answer **one** of two extended writing tasks in Section B. The focus is on creative writing. There will be links between the theme or idea in the reading texts and the writing task. (40 marks, 25% of total GCSE (9–1)).

Spoken language (03 or 04)

The preparation and assessment of the Spoken language endorsement is a compulsory requirement of the course of study. This component is internally assessed by the centre and externally monitored by OCR.

The assessment criteria and arrangements for Spoken language are consistent across all exam boards. See Section 3f for details.

The outcome of this assessment will not contribute to the overall GCSE grade and will appear on all learners' certificates as a separately reported grade, alongside the overall GCSE grade issued.

3b. Assessment Objectives (AO)

There are six assessment objectives for OCR's GCSE (9–1) in English Language: Communicating information and ideas and Exploring effects and impact. These are detailed in the table below:

Learners are expected to demonstrate their ability to:

	Assessment Objective
AO1	Identify and interpret explicit and implicit information and ideas. Select and synthesise evidence from different texts.
AO2	Explain, comment on and analyse how writers use language and structure to achieve effects and influence readers, using relevant subject terminology to support their views.
AO3	Compare writers' ideas and perspectives, as well as how these are conveyed, across two or more texts.
AO4	Evaluate texts critically and support this with appropriate textual references.
AO5	Communicate clearly, effectively and imaginatively, selecting and adapting tone, style and register for different forms, purposes and audiences. Organise information and ideas, using structural and grammatical features to support coherence and cohesion of texts.
AO6	Candidates must use a range of vocabulary and sentence structures for clarity, purpose and effect, with accurate spelling and punctuation.

There are three assessment objectives for GCSE (9–1) English Language: Spoken language. Performance is assessed against common assessment criteria issued by all exam boards (see Section 3f).

The criteria will assess the following objectives holistically:

	Assessment Objective
AO7	Demonstrate presentation skills in a formal setting.
AO8	Listen and respond appropriately to spoken language, including to questions and feedback to presentations.
AO9	Use spoken Standard English effectively in speeches and presentations.

3c. Total qualification time

Total qualification time (TQT) is the total amount of time, in hours, expected to be spent by a learner to achieve a qualification. It includes both guided learning hours and hours spent in preparation, study,

and assessment. The total qualification time for GCSE English Language is 140 hours. The total guided learning time is 120-140 hours.

3d. Qualification availability outside of England

This qualification is available in England. For Wales and Northern Ireland please check the Qualifications in Wales Portal (QIW) or the Northern Ireland Department of Education Performance Measures/

Northern Ireland Entitlement Framework Qualifications Accreditation Number (NIEFQAN) list to see current availability.

3e. Language

This qualification is available in English only. All assessment materials are available in English only and all candidate work must be in English.

3f. Assessment availability

There will be:

- one examination series available each year in June to **all** learners
- one examination series in November each year available **only** to learners who have reached at least the age of 16 on or before 31st August of that calendar year.

This specification will be certificated from the June 2017 examination series onwards.

3g. Retaking the qualification

Learners can retake the qualification as many times as they wish. Learners must retake all examined components but they can choose to either retake the Spoken Language practical endorsement or carry forward (re-use) their most recent result (see Section 4d).

To carry forward the result, learners must use the carry forward entry option (see table in Section 4a). The result for the endorsement may be carried forward for the lifetime of the specification.

Learners must decide at the point of exam entry whether they are going to carry forward the Spoken language endorsement or if they are going to retake it.

A learner who is retaking GCSE (9–1) in English Language may reuse a previous result for the Spoken language endorsement, even if it was awarded by another awarding organisation.

Details on the administration of non-exam assessment can be found in Section 4c.

The preparation and assessment of the Spoken language endorsement is a compulsory requirement of the course of study. This component is internally assessed by the centre and externally monitored by OCR.

All centres are required to complete and submit an NEA Centre Declaration Form confirming that they have taken reasonable steps to ensure that a spoken language assessment has been completed by each candidate. This form can be found on the OCR website at www.ocr.org.uk/formsfinder.

Centres should keep a record of the Spoken language assessment outcomes for all learners. These should be kept until the deadline has passed for centres to request a review of results.

The Spoken language endorsement will be graded as Pass, Merit, Distinction. Learners who do not meet the Pass criteria will be graded as Not Classified. This grade will appear on all learners' certificates as a separately reported grade, alongside the overall GCSE grade issued. The outcome of the Spoken language assessment will not contribute to the GCSE grade.

Further guidance on assessment arrangements and preparing learners for the Spoken language assessment can be found in the 'Planning and teaching' section of the OCR website: www.ocr.org.uk/spoken-language-guidance.

3j. Non-exam assessment: Spoken language – Assessment criteria

No marks will be assigned to a learner’s performance in the non-exam assessment. The Spoken language endorsement will be assessed holistically as a grade, using a ‘competency’ basis on the criteria below. Competency means that a learner must meet all the criteria in one grade before moving on to the next. Learners who do not reach the Pass standard must be recorded as Not Classified.

To be awarded a Pass, Merit or Distinction a learner must –

- be audible, and
- use Spoken Standard English which, for the purposes of the spoken language assessment, means that a learner must –
 - be intelligible, and
 - generally use language appropriate to the formal setting of the presentation.

Pass	Merit	Distinction
<p>In addition to the general criteria, to be awarded a Pass a Learner’s performance in his or her spoken language assessment must meet all of the following criteria –</p> <ul style="list-style-type: none"> • expresses straightforward ideas/information/feelings, • makes an attempt to organise and structure his or her presentation, • makes an attempt to meet the needs of the audience, and • listens to questions/feedback and provides an appropriate response in a straightforward manner. 	<p>In addition to the general criteria, to be awarded a Merit a Learner’s performance in his or her spoken language assessment must meet all of the following criteria –</p> <ul style="list-style-type: none"> • expresses challenging ideas/information/feelings using a range of vocabulary, • organises and structures his or her presentation clearly and appropriately to meet the needs of the audience, • achieves the purpose of his or her presentation, and • listens to questions/feedback responding formally and in some detail. 	<p>In addition to the general criteria, to be awarded a Distinction a Learner’s performance in his or her spoken language assessment must meet all of the following criteria –</p> <ul style="list-style-type: none"> • expresses sophisticated ideas/information/feelings using a sophisticated repertoire of vocabulary, • organises and structures his or her presentation using an effective range of strategies to engage the audience, • achieves the purpose of his or her presentation, and • listens to questions/feedback, responds perceptively and if appropriate elaborates with further ideas and information.

3k. Synoptic assessment

This GCSE (9–1) in English Language specification focuses on skills-based learning. The ability to acquire and apply knowledge and understanding within frameworks of analysis is transferable to other subjects. Close reading, the exploration of referential and inferential meanings and the summarising and synthesising of information are essential skills developed through this qualification. The unseen nature of the assessment encourages independent thought and response and requires a selective application of the analytical tools necessary for critical evaluation in other subjects.

The ability to communicate using an accurate application of Standard English is essential to express ideas in all subjects.

The two externally assessed components in OCR's GCSE (9–1) in English Language provide an integrated focus. In each component, texts are linked thematically through stimulating reading tasks, to provide a foundation for the writing section. The assessment model has a straightforward design, mirrored in both components.

Both the OCR GCSE (9–1) in English Language and the OCR GCSE (9–1) in English Literature include the study of literary texts. The inclusion of 19th century non-fiction texts in English Language helps to contextualise the study of the 19th century novel in English Literature.

Both OCR GCSE (9–1) English specifications assess learners' ability to make connections between texts. In some cases these connections may be obvious, in others the connection will be more implicit. In both specifications, there is no predetermined set of ways in which the texts relate, leaving learners free to explore a range of possibilities. Learners can begin to discover how understanding of one text is illuminated by its relationship with another.

The use of unseen material in all GCSE (9–1) English examinations allows learners to draw on analytical skills developed in both OCR GCSE (9–1) English Language and GCSE (9–1) English Literature and offers the potential to stretch learners to produce fresh and sophisticated responses to texts encountered for the first time.

3l. Calculating qualification results

A learner's overall qualification grade for GCSE (9–1) in English Language will be calculated by adding together their marks from the two examined components taken to give their total weighted mark.

This mark will then be compared to the qualification level grade boundaries for the relevant exam series to determine the learner's overall qualification grade.

A learner will receive a separate grade for the Spoken language endorsement (non-exam assessment). This grade will not contribute to their overall qualification grade.

4 Admin: What you need to know

The information in this section is designed to give an overview of the processes involved in administering this qualification so that you can speak to your exams officer. All of the following processes require you to submit something to OCR by a specific deadline.

More information about the processes and deadlines involved at each stage of the assessment cycle can be found in the Administration area of the OCR website.

OCR's *Admin overview* is available on the OCR website at <http://www.ocr.org.uk/administration>

4a. Pre-assessment

Estimated entries

Estimated entries are your best projection of the number of candidates who will be entered for a qualification in a particular series.

Estimated entries should be submitted to OCR by the specified deadline. They are free and do not commit your centre in any way.

Final entries

Final entries provide OCR with detailed data for each learner, showing each assessment to be taken. It is essential that you use the correct entry code, considering the relevant entry rules and ensuring that you choose the entry option for the moderation you intend to use.

Final entries must be submitted to OCR by the published deadlines or late entry fees will apply.

All learners taking GCSE (9–1) in English Language must be entered for one of the entry options shown on the following table:

Entry code	Title	Component code	Component title	Assessment type
J351A	English Language	01	Communicating information and ideas	External Assessment
		02	Exploring effects and impact	External Assessment
		03	Spoken language	Non exam Assessment (OCR Repository)
J351B	English Language	01	Communicating information and ideas	External Assessment
		02	Exploring effects and impact	External Assessment
		04	Spoken language	Non exam Assessment (Postal moderation)
J351C*	English Language	01	Communicating information and ideas	External Assessment
		02	Exploring effects and impact	External Assessment
		80	Spoken language	Non exam Assessment (Carried forward)

*Entry option J351C should only be selected for learners who are retaking the qualification who want to carry forward their result for the non-exam assessment.

Collecting evidence of student performance to ensure resilience in the qualifications system

Regulators have published guidance on collecting evidence of student performance as part of long-term contingency arrangements to improve the resilience of the qualifications system. You should review and consider this guidance when delivering this qualification to students at your centre.

For more detailed information on collecting evidence of student performance please visit our website at: <https://www.ocr.org.uk/administration/general-qualifications/assessment/>

4b. Accessibility and special consideration

Reasonable adjustments and access arrangements allow learners with special educational needs, disabilities or temporary injuries to access the assessment and show what they know and can do, without changing the demands of the assessment. Applications for these should be made before the examination series. Detailed information about eligibility for access arrangements can be found in the *JCQ Access Arrangements and Reasonable Adjustments*.

Special consideration is a post-assessment adjustment to marks or grades to reflect temporary injury, illness or other indisposition at the time the assessment was taken. Detailed information about eligibility for special consideration can be found in the *JCQ A guide to the special consideration process*.

4c. External assessment arrangements

Regulations governing examination arrangements are contained in the *JCQ Instructions for conducting examinations*.

Head of Centre Declaration

The Head of Centre is required to provide a declaration to the JCQ as part of the annual NCN update, conducted in the autumn term, to confirm that the centre is meeting all of the requirements detailed in the specification, including that they have provided all candidates the opportunity to undertake the prescribed practical activities.

Any failure by a centre to provide the Head of Centre Annual Declaration will result in your centre status being suspended and could lead to the withdrawal of our approval for you to operate as a centre.

Private candidates

Private candidates may enter for OCR assessments.

A private candidate is someone who pursues a course of study independently but takes an examination or assessment at an approved examination centre. A private candidate may be a part-time student, someone taking a distance learning course, or someone being tutored privately. They must be based in the UK.

GCSE (9–1) English Language requires learners to complete a Spoken Language Endorsement which develops speaking, listening and presentation skills. The Spoken Language Endorsement is an essential part

of the course and will allow learners to develop skills for further study and employment, as well as imparting important knowledge that is part of the specification.

Private candidates need to contact OCR approved centres to establish whether they are prepared to host them as a private candidate. The centre may charge for this facility and OCR recommends that the arrangement is made early in the course.

Further guidance for private candidates may be found on the OCR website: <http://www.ocr.org.uk>.

4d. Non-exam assessment

Regulations governing non-exam assessment arrangements are contained in the *JCQ Instructions for conducting non-examination assessments*. Appendix 2 of this document gives specific details for the Spoken language endorsement for GCSE English Language designed for use in England.

The Spoken language endorsement is internally assessed by centres and externally monitored by OCR.

Centres must keep a record of all learners' assessment outcomes for Spoken language. It is recommended that centres use the proformas that are available on the OCR website.

Centres will need to provide audio-visual recordings of the presentations of a sample of learners. Table 1 below gives guidance on sample size. The sample

submitted must be representative of all teaching groups and assessors within the centre who are studying GCSE English Language.

Using their knowledge of learners' likely performance, centres should select the sample following the guidance shown in the table below. Centres are recommended to record slightly more than the minimum number at each grade to allow for learners whose performance is awarded a higher or lower grade than the centre had anticipated.

The recording of each presentation, including questions and feedback from the audience, must be complete and unedited.

The deadline for the receipt of learner outcomes for the Spoken language endorsement is 15 May on an annual basis.

Table 1 Sample Sizes

No. of candidates at centre	No. of candidates whose presentations must be recorded	Minimum no. of candidates at each grade (Pass, Merit, Distinction)
30 or fewer	All candidates	10 ⁺
Over 30	30	10 ⁺

⁺ If a centre has fewer candidates at a particular grade than the stated minimum, all candidates at that particular grade should be recorded. Candidates assessed as Not Classified should not be included.

Full details of sample size can be found in Appendix 2 of the JCQ *Instructions for conducting non-examination assessments*.

Internal standardisation

4

Centres must carry out internal standardisation including all teachers involved in the Spoken language assessment to ensure that grades awarded by different teachers are accurate and consistent across all learners entered for the Spoken language endorsement from that centre.

Internal standardisation should include a preliminary trial session using exemplar material provided by

OCR, in order to ensure that there is a common understanding of the assessment criteria.

The Spoken language exemplar material can be found in the 'candidate exemplars' section on the GCSE (9–1) English Language webpage: www.ocr.org.uk/gcseenglishlanguage.

Monitoring arrangements

Common monitoring arrangements are in place, as agreed by the awarding bodies, to ensure that centres are using appropriate tasks and are applying the assessment criteria accurately and consistently.

For the assessment of Spoken language (component 03 or 04), centres are required to submit audio-visual recordings of the presentations of a sample of learners.

Where the sample of Spoken language presentations is submitted via the OCR Repository (component 03), centres must upload the audio-visual recordings to the OCR Repository in a digital format.

Where the sample of Spoken language presentations is submitted for postal monitoring (component 04), centres should provide **either** a DVD or a USB memory stick with their learners' presentations. Audio-visual recordings submitted on DVD or USB memory stick must contain each presentation as a separate file.

Audio-visual recordings for Spoken language should be submitted in an organised and structured way. The file name for each recording must contain the following information:

- centre number
- candidate number
- candidate name (forename and surname)
- topic area or title of the spoken presentation
- proposed grade: Pass, Merit, Distinction.

Audio-visual recordings should be stored in a secure area on the centre's network before submission.

In order to minimise software and hardware compatibility issues, it is necessary to save learners' work using an appropriate file format. To ensure compatibility, all audio-visual recordings submitted must be in the formats listed below.

The recorded sample of unedited presentations must be submitted to OCR by 15 May on an annual basis.

An OCR monitor will view a centre's recorded sample and check that the assessment criteria have been applied consistently and accurately. There may also be a statistical analysis of the centre's assessments.

If there are concerns as a result of monitoring, the centre will be provided with additional support (which may include a visit by a monitor). There may be enhanced monitoring arrangements which may

include an earlier deadline for submission of Spoken language assessments or a requirement to record the presentations of all learners at the centre.

Digital audio-visual evidence formats	
MPEG (*.mpg)	Windows Media File (*.wmf)
QuickTime movie (*.mov)	MPEG Video Layer 4 (*.mp4)

Carrying Forward the Spoken Language Endorsement

Learners who are retaking the qualification can choose to either retake the endorsement or carry forward their most recent result for that component (even if it was awarded by another awarding organisation).

To carry forward the result, you must use the carry forward entry option (see table in Section 4a).

Learners must decide at the point of entry whether they are going to carry forward the endorsement or not.

The result for the endorsement may be carried forward for the lifetime of the specification and there is no restriction on the number of times the result may be carried forward. However, only the most recent non-absent result may be carried forward.

4e. AI Use in the NEA

Teachers delivering NEA components **must** follow the JCQ guidelines: [AI Use in Assessments: Your role in protecting the integrity of qualifications](#).

Teachers are responsible for monitoring students' progress to ensure that:

- work meets the NEA marking criteria
- work can be confidently authenticated as the student's own
- the student is **not** rewarded if they have used AI tools in such a way that mean they have not **independently** met the marking criteria.

Teachers must provide sufficient supervision to be able to confidently authenticate that the work submitted is the student's independent work.

You can access the forms here on our [Assessment](#) page or from our Forms finder tool when selecting a qualification and subject with moderated units or components. They are also available in the Assessment > Forms section on Teach Cambridge.

For further information on AI, please see the following guidance on our website: [Artificial Intelligence \(AI\) support](#).

4f. Results and certificates

Grade scale

GCSE (9–1) qualifications are graded on the scale: 9–1, where 9 is the highest. Learners who fail to reach the minimum standard of 1 will be Unclassified (U). Only subjects in which grades 9 to 1 are attained will be recorded on certificates.

The Spoken language component will be graded on the scale: Distinction, Merit, Pass, where Distinction is the highest grade. Learners who fail to reach the standard of Pass will receive a Not Classified (NC) result for the endorsement. The grade for the Spoken language endorsement will be recorded on the certificate alongside the learner’s qualification grade.

Results

Results are released to centres and learners for information and to allow any queries to be resolved before certificates are issued.

Centres will have access to the following results information for each learner:

- the grade for the qualification
- the grade for the Spoken language endorsement
- the raw mark for each component
- the total weighted mark for the qualification.

The following supporting information will be available:

- raw mark grade boundaries for each component
- weighted mark grade boundaries for each entry option.

Until certificates are issued, results are deemed to be provisional and may be subject to amendment.

4g. Post-results services

A number of post-results services are available:

- **Review of results** – If you are not happy with the outcome of a learner’s results, centres may request a review of their moderation and/or marking.
- **Missing and incomplete results** – This service should be used if an individual subject result for a learner is missing, or the learner has been omitted entirely from the results supplied.
- **Access to scripts** – Centres can request access to marked scripts.

4h. Malpractice

Any breach of the regulations for the conduct of examinations and non-exam assessment may constitute malpractice (which includes maladministration) and must be reported to OCR

as soon as it is detected. Detailed information on malpractice can be found in the *Suspected Malpractice in Examinations and Assessments: Policies and Procedures* published by JCQ.

5b. Overlap with other qualifications

There is some overlap between the content of this specification and that of specifications in OCR's GCSE (9–1) in English Literature.

5c. Avoidance of bias

The GCSE (9–1) qualification and subject criteria have been reviewed in order to identify any feature which could disadvantage learners who share a protected Characteristic as defined by the Equality Act 2010.
